

Consulting Services for Certified Partners

Ensuring Reliable, On-Budget IP Video Surveillance Design and Performance

Your customers' video surveillance systems are vital to their business, and ensuring they are operational 24x7 is critical to the success of your business as well.

March Networks® Consulting Services help ensure reliable system performance and access to video evidence whenever your customers need it.

All March Networks certified partners can take advantage of our professional consulting services to get the support they require. Whether you are struggling with the design of a large IP video solution or want to install video analytics on your March Networks IP cameras, our experienced professionals are ready to help with services including:

- Solution Architecting
- System Integration
- VMS Installation
- Project Management
- Camera Characteristics and Analytics
- Upgrade Planning
- Site Commissioning
- VMS QuickStart

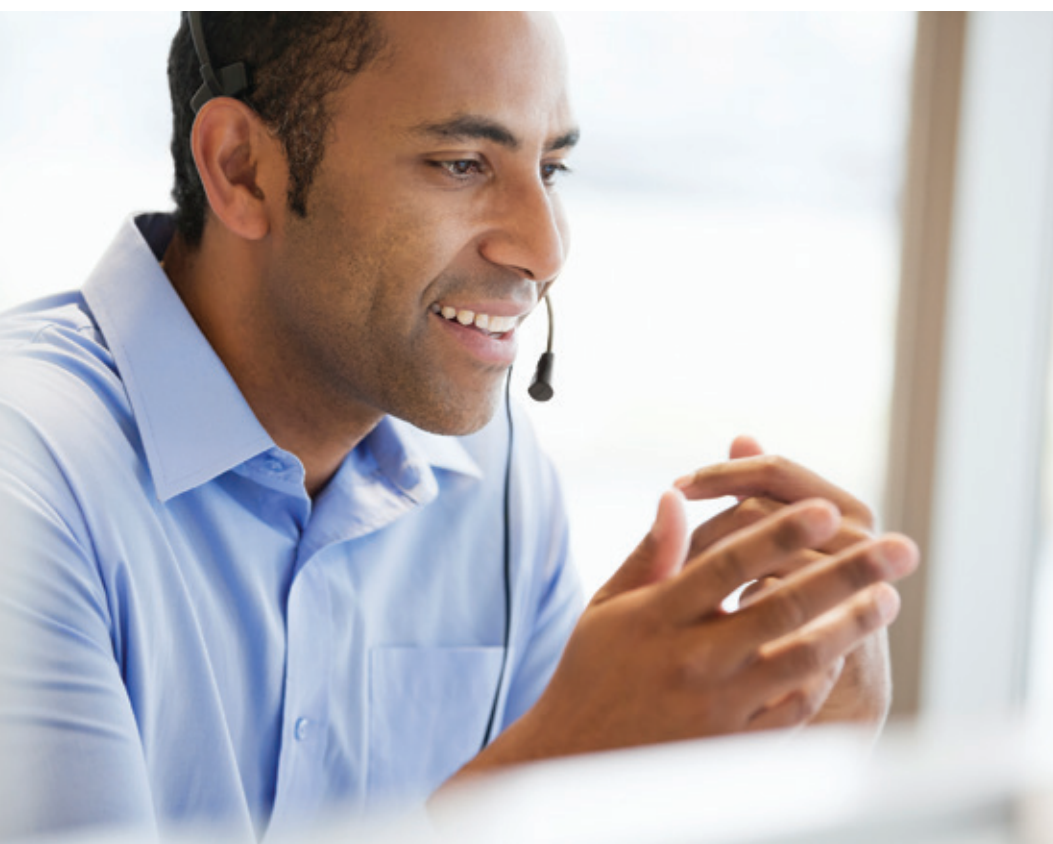

QuickStart Bundled Services

A range of options to provide exactly the help you need

Partners providing March Networks Command™ video management system (VMS) software solutions have the additional flexibility of VMS QuickStart Bundled Services.

Consisting of Express, Standard, Professional and Enterprise options, these bundles are designed to help you reduce start-up costs significantly through expert deployment, planning, configuration and post-installation transitioning.

QuickStart Bundles are available for any number of VMS servers and surveillance cameras – from a few sites to large-scale enterprise deployments.

“I have been involved with March Networks since 2002. From ease of install and troubleshooting to the software interface, March Networks has provided an extremely functional product consistently. I deal with many equipment providers in the security world and it is very refreshing to know that both Intelligent Access Systems and our customers have such outstanding support from March Networks, which has been the case from day one.”

— Tim Bullock
Branch Manager, Intelligent Access Systems

Designed for Success

Solve customer challenges quickly and reduce your operating costs today with March Networks Consulting Services. By optimizing deployment timelines and minimizing downtime, you'll not only gain peace of mind, but also demonstrate your commitment to your customers' success.
